Bekasi

Entrepreneur | Digital Marketing & Brand Growth Enthusiast

Information Systems student at Telkom University combining technical competence with an entrepreneurial drive in digital marketing and brand growth. Founder of ThoperTee, an independent streetwear brand focused on mental health advocacy, where I successfully commercialized 489+ products, launched 6 limited collections, and executed a strategic platform migration to an independent brand website. Proven track record in driving business impact through data-driven social media marketing, content planning, and e-commerce operations. Certified in Digital Marketing (BNSP), Web Development (BNSP), SAP ERP, and intensive bootcamps in Social Media Specialist and Digital Product Management.

Education Level

Telkom University

Sep 2022 - Sep 2026 (Expected)

Bachelor of Information Systems, 3.50/4.00

- Relevant Coursework: Digital Business Strategy, Web & Social Media Analytics, E-Commerce Management, and Customer Relationship Management (CRM).

SMA Santo Yoseph Jakarta Timur

May 2019 - May 2022

Work Experiences

ThoperTee - Bandung

Sep 2023 - Present

Founder & Brand Owner

- Revenue & Commercial Impact: Scaled an independent streetwear brand from ideation to active operations, successfully commercializing and selling 489+ apparel products across regional markets in Indonesia and Malaysia.
- Strategic Brand Collaboration: Initiated and executed a successful co-branding campaign and product collaboration with a prominent music band (ThoperTee x After Nourway), expanding market reach and driving mutual audience growth.
- Digital Infrastructure & Migration: Spearheaded the strategic transition from third-party marketplaces to an independent brand website, managing automated product cataloging and optimizing direct-to-consumer (D2C) online sales operations.
- Collection & Brand Strategy: Conceptualized and executed the end-to-end launch of 6 limited-edition seasonal collections featuring a cohesive identity centered on mental health advocacy and motivational messaging for Gen Z.
- Digital Marketing & Analytics: Led performance marketing and organic content strategies on TikTok and Instagram, producing target-focused digital campaigns that converted consumer engagement into predictable product sales.

Pisangmanjaaa

Oct 2024 - Dec 2024

Co-Founder & Business Strategist

- Sales Execution & Validation: Successfully launched and validated a food & beverage micro-business, generating fast-tracked revenue by preparing and selling 200+ portions of gourmet snacks within a 2-month pilot period.
- Process Optimization: Engineered and standardized internal cooking, food assembly, and packaging workflows, accelerating production speed while maintaining 100% product consistency across all batches.
- Supply Chain & Inventory Control: Managed end-to-end sourcing of raw materials, optimizing inventory turnover to minimize kitchen waste and maintain healthy, positive profit margins.
- Customer Retention & Quality Assurance: Established a loyal local customer base through targeted promotional tactics and strict quality control protocols, securing repeat purchase behavior.

Organizational & Project Experience

Information Systems Student Association Election Committee - Bandung

Oct 2023 - Jan 2024

Event Division Officer

- Event Scale & Logistics: Planned and executed 5+ election-related events (including candidate debates, voting days, and results nights) for a total footprint of 300+ active attendees.
- Engagement Impact: Designed voter engagement activities to increase overall student participation by 30% compared to the previous election cycle.
- Timeline & Resource Management: Supervised event timelines, technical setups, and volunteer teams with zero scheduling delays.

MoneyQueen - Bandung

Jan 2024

Project member

- Data Collection & Insights: Conducted user research through interviews and surveys to understand and analyze students' financial management challenges.
- Feature Conceptualization: Collaborated with the product team to design key app features, including automated budgeting tools and

- savings goal trackers.
- **User Testing & Prototyping:** Assisted in interactive prototyping and user testing phases to consistently improve the app's interface and functionality.
